IEP/504 Back to School with the Office of the Education Ombuds

TUESDAY, AUGUST 22ND at 6:30^{PM}  zoom

It's time to get ready to go back to school. When your student has an IEP or 504, the new school year brings new teachers, new classes, and sometimes feelings of anxiety and stress. If you would like to hear about some ways that you can support your student before the school year begins to lighten up those first weeks of school, please join us on August 22nd at 6:30 pm. Our guest for this virtual event will be staff from the Office of the Education Ombuds (OEO). The OEO supports families in the K-12 public education system and can help with some simple tips and tricks to start the year off right. We look forward to seeing you there!
